

Dual Program/Objective Approval Request

Student Name _____

ASU Student ID # _____

When to use: Students using VA educational benefits are generally approved for only one program of study at a time. However, exceptions can be made for students pursuing multiple programs at the same school if they can provide reasonable justification that all programs apply to a single career field. The “dual” objective may include multiple majors, degrees, certificates, or programs on different professional/technical levels. Students need to provide the justification and academic advisors need to agree with their rationale. The form is then forwarded by the student or advisor to the Pat Tillman Veterans Center for final approval from a School Certifying Official.

For Student to complete:
